1. The amendment of 4/6/09 has been entered. Claims 1-9, 15, 18-19, and 22-34 are pending.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claim 19 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

A. The instant claim 19 recites “a poly(carboxylic or acrylic acid) of high molecular mass, of the order of 500”. It is unclear what is intended by "of the order of 500". It is unclear if this limits the mass to 500, includes 500 and above, means “about 500”, or has some other meaning. The relative nature of "high molecular weight" does not clarify the issue. It is further unclear what type of molecular weight is intended by “of the order of 500”, e.g. number average, weight average, etc.

4. Claim 19 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. Claims 1-9, 15, 18, and 22-34 are allowed. All of the pending claims are allowable for reasons of record and as stated in the applicant's response of 4/6/09.

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Patrick D. Niland whose telephone number is 571-272-1121. The examiner can normally be reached on Monday to Friday from 10 to 5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, David Wu, can be reached on 571-272-1114. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
